

Hotel Hornbækhus

In June 2018, Lennart and Sus Lajboschitz opened Hotel Hornbækhus after thorough renovation.

An integral part of daily life at the hotel is the concept of “Fællesspisning” (family style dinner) where everybody enjoy dinner together in the dining room) and social activities.

Hotel Hornbækhus is a hotel that wants to be more than just a place to stay for its guests.

Hotel Hornbækhus, thus, combines hotel accommodation and conference facilities with an everyday life characterized by yoga, bingo, nature walks and creative workshops.

The desire is to create an open house where both hotel guests and the local people year-round are brought together to share some good times.

Family style dinner

At Hotel Hornbækhus, we want to bring our guests together over meals. We hope that people, who have never met each other before, make conversation, while they pass the bowl of potatoes around, so that everyone gets what they need.

For the “Fællesspisning” in the evening, we sit together next to each other around the large plank tables in the dining room. Every day the menu is served on large platters that are shared by everyone the table.

We help each other and are aware of whether everyone gets both meat and vegetables.

The kitchen always makes tasteful food without dogmas. The style is simple with a focus on quality ingredients.

Cozy surroundings

In Hornbækhus, old and new Nordic furniture, art, colorful textiles and distinctive details have been composed for an evocative and quirky expression. Behind the decor is the design company [EEN](#), which has worked to give all the hotel's 36 rooms an individual appearance.

Guests can find peace under blue sloping walls, catch sunbeams through paned windows, they can enjoy the soft furniture and let themselves be inspired by colorful flowers on walls, textiles and on the many decorative jars.

In the hotel's large garden, one can enjoy the weather and the fresh sea air under the old trees.

Everyone is invited

At Hotel Hornbækhus it is possible all year round to stay one or more nights, to meet for seminars, market days, private parties and afternoon tea. The doors are open to anyone who wants to join. Hotel Hornbækhus is just a 40-minute drive away from Copenhagen and a short walk from Hornbæk's sandy beach, main street and harbour. The Hornbæk-area is also known for its coastline, natural environments such as Hornbæk Plantage and the protected moorland “Rusland”.
